

THE DIRT!

SOILBIOTICS COMPANY E-NEWSLETTER

April 2024

Don't Miss our April Special!

We are offering 3% off **Growth Boost**, **Organic Growth Boost**, and **Growth Supplement 30** purchased in April 2024 for product packaged in pails, drums, and totes. **The discount is only for orders placed in April 2024 for delivery in April and May 2024.**

Growth Boost and **Organic Growth Boost** are chelators, protecting N from loss due to leaching and volatilization. This keeps it available for the crop and increases soil micronutrient availability.

Growth Supplement 30 is a foliar applied nitrogen stabilizer that also stimulates plant metabolism, transports nutrients in plants, dissolves macro and micro elements, and enhances cell division and elongation.

And Don't Forget PH K!

We still have time to ship orders of **PH K** with our spring discount, **to ship no later than April 30, 2024.** These orders will receive \$20 off per half ton or \$40 off per full ton. Orders must be placed in half ton or full ton increments only. No discount on any other unit size. Contact your sales representative or call the SoilBiotics office at 815-929-1752.

Rooted In Organic Podcast

Just a reminder that SoilBiotics is one of the sponsors of the **Rooted In Organic** monthly podcast for organic farmers. This is a farmer-to-farmer podcast, and you can pick up a lot of tips from fellow farmers, organic and conventional. Take the time to visit their website and listen to the current and archived podcasts on a variety of subjects. <https://www.rootedinorganic.com/>

Here We Grow Again!

We hope to leave our temporary offices in downtown Kankakee in the next few weeks and move into our new building back at the 2902 W. State route 17 address. There may be days when we're moving materials and supplies, but be assured we will maintain full service capabilities for all your product needs. **Our BUSINESS PHONE number is the same – 815-929-1752.**
