

# THE DIRT!

SOILBIOTICS COMPANY E-NEWSLETTER

FEBRUARY 2021

## Spring Special!

We're offering a spring special on **PH K**, our dry granular humate product available in 100, 150 or 200 sgn sizes. The discount is for orders placed between March 1, 2021 and March 31, 2021, to ship no later than April 30, 2021. These orders will receive \$30 off per half ton or \$60 per full ton. Orders must be placed in half ton or full ton increments only. No discount on any other unit size. Contact your sales representative or call the SoilBiotics office.

## Products for the Coming Spring Season

**Dust Control** is designed to reduce dust when used with humate products, and can also be applied to reduce dust with fertilizers. It is OMRI Listed to meet all your organic needs, and is beneficial for use in conventional programs as well. Dust Control should not be mixed with solutions or products with pH levels below 4 - 4 ½. A compatibility test is always recommended.

**SB Super Sweet** is a unique new liquid formulation of natural sugars. It is a source of quick carbon consumption for feeding and increasing populations of bacteria and microorganisms in soils.

For Conventional programs, SoilBiotics **OS 46** is a ready-to-use fertilizer with a unique formulation of high-quality 46-0-0 urea and SoilBiotics **Ultra Boost**. Unlike products using urease inhibitors, which tend to work only in the short term, **OS 46** can hold the urea nitrogen in organic form for months, so it will be ready when the plant needs it.

## Upcoming Shows

SoilBiotics will be participating in the MOSES Organic Farming Conference virtual farm show - Growing Stronger: Collaborative Conference on Organic & Sustainable Farming, taking place Feb. 22-27, 2021. Register today and plan to talk to our representative. For more information visit their site [here](#).

## Winter Meeting

Plan on joining the SoilBiotics staff along with organic farmer, researcher, and SoilBiotics Distributor, Andy Clayton, for an informative meeting on Friday, March 5th, 2021.

The meeting is at The Wright Conference Center, 1 Charles Street, Rushville, IL 62681, in the same building as State Farm Insurance and same parking lot as USDA office.

This is your chance to listen to Todd Zehr, the founder of SoilBiotics, present information on our Residue Digester Program; Manure Management Program; Starter & Foliar Applications; and Organic N Testing. Experienced users of the SoilBiotics products may also provide testimonies regarding their results.

**Please RSVP by Thursday, February 25th to:  
The SoilBiotics office @ 815-929-1752, or  
Andy Clayton @ Mobile: (217) 322-2639.**
