

# THE DIRT!

SOILBIOTICS COMPANY E-NEWSLETTER

January 2024

## Save the Date: UPCOMING WINTER MEETINGS

1. ILLINOIS: You're invited to join organic farmer, researcher, and SoilBiotics distributor, Andy Clayton, for an informative meeting on Thursday, February 8th, 2024. Grower Luke Jones will speak on "My Experience with Soil Health" and SoilBiotics owner Todd Zehr will present "Building Resilient Soils".

The meeting is at The Wright Conference Center, 1 Charles Street, Rushville, IL 62681, in the same building as State Farm Insurance and same parking lot as the USDA office. Sign-in is at 9:30 a.m. and the presentations are from 10:00 a.m. to 12:30 p.m. Lunch will be served.

Pre-registration is required. Please RSVP by Friday, January 31st to: The SoilBiotics office @ 815-929-1752, or Andy Clayton @ Mobile: (217) 322-2639.
2. OHIO: Plan on joining SoilBiotics owner Todd Zehr and SoilBiotics distributor Joel Kurtz of Maysville Elevator for an informative meeting featuring organic soybean farmer Gary McDonald on Thursday, February 15th, 2024. Gary will speak on "Using SoilBiotics Humic Products" and Todd will present "Building Resilient Soils".

The meeting is at The Barn Restaurant, 877 W Main St, Smithville, OH 44677. Sign-in is at 9:30 a.m. and the presentations are from 10:00 a.m. to 12:30 p.m. Lunch will be served.

Pre-registration is required. Please RSVP by Wednesday, February 8th to: The SoilBiotics office @ 815-929-1752, or Joel Kurtz @ Mobile: (330) 397-7069.

## Spring Products

Use our **Soil Boost** broadcast applied with spring applied dry fertilizers to improve soil structure, maintain nutrient availability, and stimulate microbial activity. (This product is used in both Conventional and Organic programs). You'll see reduced compaction, increased aeration, and improved

drainage. That will help you get into the field days faster to plant your crop. You'll also conserve applied fertilizers and chelate soil-bound nutrients for greater availability.

For Conventional programs, SoilBiotics **OS 46** is a ready-to-use fertilizer with a unique formulation of high-quality 46-0-0 urea and SoilBiotics humic product. Unlike products using urease inhibitors, which tend to work only in the short term, **OS 46** can hold the urea nitrogen in organic form for months so it will be ready when the plant needs it.
