

THE DIRT!

SOILBIOTICS COMPANY E-NEWSLETTER

MARCH 2022

OS 46 For Effective Season Long N

For Conventional programs, SoilBiotics **OS 46** is a ready-to-use fertilizer with a unique formulation of high-quality 46-0-0 urea and SoilBiotics humic product. Unlike products using urease inhibitors, which tend to work only in the short term, **OS 46** can hold the urea nitrogen in organic form for months so it will be ready when the plant needs it.

Don't Forget Our MARCH Special!

We're offering a spring special on **PH K**, our dry granular humate product available in 100, 150 or 200 sgn sizes. The discount is for orders placed between March 1, 2022 and March 31, 2022, to ship no later than April 30, 2022. These orders will receive \$30 off per half ton or \$60 per full ton. Orders must be placed in half ton or full ton increments only. No discount on any other unit size. Contact your sales representative or call the SoilBiotics office at 815-929-1752.

GET READY FOR OUR APRIL SPECIAL!!

Continuing our 10th anniversary discounts, we are offering 10% off **Growth Boost, Organic Growth Boost**, and **Growth Supplement 30** purchased in April, 2022 for product packaged in cases (while supplies last), pails, drums and totes. The discount is only for orders placed in April, 2022 for delivery in April and May, 2022.
